FOCUS (Third & Fourth Years)

CE	RM	Course Code	Course Title
		ASM 3300	Strategic Problem Solving (4 credits)
<i>Advanced Liberal Arts Electives (46XX or X6XX) 16 Credits</i>			
		46XX ^B	
<i>Advanced Electives (X5XX or X6XX) 16 Credits</i>			

Free Electives (X1XX, X2XX, X5XX, or X6XX) 12 Credits

/48	Credits Earned	Total Focus Credits
/130	Credits Earned	TOTAL CUMULATIVE CREDITS FOR GRADUATION

EXTRA COURSES

Degree Worksheet Key

CE = Credits Earned BP = Babson Program OC = Off-Campus Course
 RM = Requirement Met TC = Transfer Credit CR = Course Waived (no credit received)
 AP/IB = Advanced Placement

^ACalled MOB 1000 & MOB 1010 for transfer students

^BAt least four of the sixteen credits must have the numeric code 46XX

*If you took the 4-credit version of FME 1000 or the MOB 1000 transfer course, 1 credit of the 4 credits earned may be used to satisfy 1 of the 12 Free Elective credits

BABSON COLLEGE

In preparation for your meeting with your Class Dean we ask that you please go over the Degree Worksheet that is on the next page of this attachment. You can print and write on it, or you can simply click on the courses you have taken (in the Requirement Met column 'RM' and then enter the number of Credits Earned in the column 'CE' and it will appear on the worksheet) and then print it out for our meeting. If you have any questions about possible AP/IB scores please refer to your transcript. To access this, go to The Babson Hub and click on the 'Grades' icon.

So, look at the number of **credits** listed on your transcript and plug those in to your Degree Worksheet. **You need 130 total credits in order to graduate.**

If you've taken any elective courses, you can use the following guidelines to help you determine where those courses fit into your degree plan:

- If there is a **5** in the second digit of the Babson course code (e.g. FIN3560), that is considered an Advanced Management course and would go toward your 16 credits of Advanced Electives.

If there is a **6** in the second digit of the of the Babson course code (e.g. ECN3630), that is considered an Advanced Liberal Arts course and would go toward your 16 credits of Advanced Liberal Arts. Remember that at least one of these courses (4 credits) must be numbered in the follow way: 46xx (as opposed to 36xx or 26xx, etc.). The other 12 credits just need to have a 6 in the second digit of the course code (e.g. 36xx, 46xx, 56xx, etc.). Extra courses with a 6 in the second digit may be used toward your Advanced Electives or Free Electives.

- If there is a **1** or a **2** in the second digit of the Babson course code (e.g. SPN 1200), that is considered a Free Elective and would go toward your 12 credits of Free Elective. Now, Free Elective credit can actually be anything for which you can earn Babson credit, so you can also fill up that 12-credit Free Elective bucket with more Advanced Management courses (courses with a 5 in the second digit), more Advanced Liberal Arts courses (courses with a 6 in the second digit), or any other type of course for which you earn credit.
